

# Our Role to Coexist with Animals

2653 Ehime Prefectural Matsuyama Higashi Senior High School

## 1 Introduction

But it's better if we didn't have zoos.

Tobe Zoo Mr. Maeda Vice chief

In May this year, we organized a visit to Tobe zoo, the local zoo in Ehime.

There, we heard a zoo keeper say that zoos should not.

we discussed whether there should be zoos or not and asked our Singapore friends about it via Skype.

## 3 Conclusion

Not only are there different ways of coming in contact with animals, but also religions and lifestyles affect peoples relationship with animals. We have to admit these differences and think about the way we can coexist with animals.

## 2 Method and Results
